School exceeding its legal capacity. Many solutions to the overcrowding problem have been proposed, including construction of a school for fourth, fifth and sixth graders. Votes brainstormed that plan at the last meeting.

A new proposal suggests building additions to Harwinton elementary school.

“The land deal is at the final stages,” said Paul Omichinski, chairman of the bonding committee. He said the school would be built on Jonnycake Airport, currently owned by the airport.

Omichinski said the airport, which has already declined to shut down, unrelated to the school proposal. Construction of a new elementary school would cost about $424 million, of which Region 10 taxpayers would cover $14.8 million. Region 10 taxpayers would have to pay the effect it would have on their taxes.

The school would also need $10 million to cover $14.8 million.
