The Surburban Newspapers Foundation presents "The Tattoo." The tattoo in the organization's 2004-05 annual report.

The Tattoo took first place in the category Best Young People's Coverage for work published through November 30, 2004. The report was reviewed by a number of editors from the Surburban Newspapers.

This is the second time the DMV has appeared in the Surburban Newspaper's "Tattoo." The paper also appeared in the "Tattoo" last year, when a student named Jared published a story about a band that your parents have probably never heard of.

The story of how Barrie turned his life-altering experiences into a career and a successful production is detailed in this week's "Finding Neverland."

The tattoo is always welcome, and should be submitted to The Tattoo. The Tattoo can be found in your local newspaper.
