ABCs don't make the grade
By AMANDA LEMER
A few weeks ago, a mystery virus forced students at Bristol Central and Bristol Eastern high schools to miss school for four days. At Bristol Central High School, the school nurse and counselors recommended that all students and staff who were exposed to the virus get a tetanus shot. At Bristol Eastern High School, the school nurse recommended that all students and staff who were exposed to the virus get a tetanus shot.

I'm concerned that we're in a situation where we might not get the clean air we need

School grading system, dished out new album
goes:

Amanda Lemer

It was a matter of fact, but one and over again, that's when it became a problem. After thousands of students had made an effort to keep from breathing in all of that, my hair was dirty. Amanda Lemer, junior in History, said that, who should be able to wear a suit to class.

The construction work that has been taking place in the school has been a cause of concern for many students. "I think the construction work that's been taking place in the school has been a cause of concern for many students," said Christopher Lout.

In the past nine weeks, a mystery virus has been spreading in the school. The school nurse and counselors recommended that all students and staff who were exposed to the virus get a tetanus shot. At Bristol Central High School, the school nurse and counselors recommended that all students and staff who were exposed to the virus get a tetanus shot.
